Case Study:
Transforming Payroll Operations

LANOP
Business & Tax Advisors

Client Profile: A Quaint London Bookshop

SMALL BUSINESS OVERVIEW

This charming bookshop employs seven staff and operates manually, using spreadsheets for payroll management, often leading to **frequent errors** and delays.

Client Challenges in Payroll Management

KEY ISSUES FACED

- Frequent errors in manual calculations
- Delayed payslips affecting employee morale
- Missed HMRC submissions causing compliance issues
- These challenges highlight the need for an automated payroll solution to streamline processes and enhance accuracy.

Manual Payroll Processing Issues

KEY CHALLENGES FACED

- Missed RTI submissions leading to penalties
- Pension calculation errors affecting compliance
- Inefficiency in processing causing delays
- Increased workload for staff managing spreadsheets
- Lack of real-time updates impacting accuracy

Understanding Key Payroll Concepts

01   **REAL TIME INFORMATION (RTI)**

RTI requires businesses to submit payroll information to HMRC on or before each payday, ensuring timely tax and National Insurance contributions are accurately reported.

02   **AUTO-ENROLMENT COMPLIANCE**

Auto-enrolment mandates that employers enroll eligible employees in a pension scheme, enhancing retirement savings while ensuring compliance with regulations set by the UK government.

03   **P11D FORMS**

P11D forms are essential for reporting employee benefits and expenses, ensuring accurate tax calculations and compliance with HMRC requirements for non-cash benefits provided to employees.

Quantitative Results

PROCESSING TIME

The new payroll system led to a **60% reduction** in processing time, allowing the team to focus on core business activities.

COMPLIANCE RATE

Achieving **100% compliance** for RTI and auto-enrolment ensured the business met regulatory requirements without any errors or delays.

STAFF SATISFACTION

Improved employee satisfaction was evident as **instant digital payslips** enhanced transparency and trust, fostering a positive work environment.
